## OPERATION & MAINTENANCE INSTRUCTIONS

# USMC EDGE MULTI-MISSION PARACHUTE SYSTEM (EDGE MMPS)

**WARNING:** This document may contain technical data whose export is restricted by the Arms Export Control Act (Title 22, U.S.C., Sec 2751, et seq.) or the Export Administration Act of 1979, as amended, Title 50, U.S.C., App. 2401 et seq. Violations of these export laws are subject to severe criminal penalties. Disseminate in accordance with provisions of DoD Directive 5230.25.

**DESTRUCTION NOTICE:** Destroy by any method that would prevent Disclosure of content or reconstructions of the document.

**© COPYRIGHT NOTICE**

This USMC Edge Multi-Mission Parachute System (Edge MMPS) technical manual is protected by U.S. and International copyright laws. Reproduction and distribution of the information within this technical manual without written permission from Airborne Systems North America Inc. is prohibited.

## HOW TO USE THIS MANUAL

In this manual, chapters and sections appear in all upper case/capital letters centered on the page; subsections appear in all upper case/capital letter along the left side of the page, paragraphs appear with the first letter of each principle word in upper case/capital letters, procedures are numbered in sequence 1., 2., 3. etc., bullets are used to identify requirements within a paragraph, tables and figures are listed by chapter and number sequence (for example Table 4-2 or Figure 4-2 is in chapter 4 and will be the second table or figure in that chapter) and page numbers are listed by chapter and number sequence (for example chapter 2 page 12 will be identified as 2-12). The table of contents will list the chapters, sections, subsections, paragraphs, and tables.

FRONT MATTER: Front matter consists of front cover, how to use this manual, record of changes, Title block, warning summary, and table of contents.

CHAPTER 1 GENERAL INFORMATION:

CHAPTER 2 ASSEMBLY:

CHAPTER 3 PACKING:

CHAPTER 4 SERVICE AND MAINTENANCE:

CHAPTER 5 SUPPORTING INFORMATION AND DOCUMENTS:

REAR MATTER: Rear matter consists of approved for distribution page, metric system conversions and back cover.

Finding Information. The table of contents permits the reader to find information in the manual quickly. The reader should start here first when looking for a specific topic. The table of contents lists the topics contained within each chapter and the page number where it can be found.

**INTENTIONALLY BLANK**

### RECORD OF CHANGES

Go to <https://airborne-sys.com/riggers-corner/> to see if your technical manual is the most current by searching for the manual and reviewing the record of changes page. Some revisions may not require a new manual. Contact your Airborne Systems sales associate for assistance in getting an updated technical manual.
